Grab some data and go...to Excel!

As you may know, **Crystal Reports** is an awesome report writer that can create custom reports with your MAS90 data.

After reviewing a custom report, you may find that you have new questions and want to analyze the data in different ways.

Crystal reports can also be used to extract the data of your choice, and quickly download it into Excel for your latest project!

We can create another report that pulls the same data as your custom report, without the formatting (sub-totals, titles, logo, etc.), so it can be easily imported into an Excel spreadsheet for further analysis.

Example of a custom formatted report:

Sample Company		Printed: 3/29/2002		
Open Sales Orders by Promise Date				
ItemNumber	ItemDescription	Qty Due	UnitPrice	Extension
Promise Date: 05/31/03				
Sales Order: 0000115		Customer: 01-ABF American Business Futures		Ship Date: 5/31/2003
